

Suggestions for Residents Away for Summer or Vacation

- Complete a Vacation/Absent Form found at arlingtonridgecdd.org and return to the Administration Office. This information is shared with Security Officers and can be used in case of an emergency.
- Leave contact information & a house key with a trusted friend or neighbor.
- Arrange mail forwarding with the Postal Service or pick-up with a neighbor.
- Check with telephone utility about vacation service, but beware: if the phone is placed "on vacation" certain house alarms may work locally but may not dial the monitoring service who calls the police.
- Unplug your answering machine if it will not be in use.
- Arrange for pool/spa care as needed; never drain water from pool or spa.
- Arrange for lawn care & yard maintenance.
- Arrange for house sitting service.
- Lock all doors & windows; set alarms.
- Disconnect electric garage door opener to prevent burglars from entering.
- Lock the electronic garage door for additional security.
- Consider disconnecting battery cables to vehicles including golf cart.
- Set air conditioners/thermostats at 80° to prevent mold growth & humidistat should be at 40% - 52% relative humidity.
- Open all interior doors, including closet doors, to promote airflow.
- Turn off water to house or disconnect valves to ice maker, dish washer, toilets, washing machine etc.
- Leave water for outside lawn sprinklers on.
- Clean toilets & add a cup of bleach to bowl, raise the seat & cover bowl with plastic wrap.
- Close drains in showers & tubs to prevent pests from coming inside.
- Leave washing machine & dishwasher lid open to prevent mildew.
- Place DampRid in your home, storage areas, boat, car, RV or wherever moisture is a problem.
- Unplug & empty refrigerator, freezer, & microwave & drape a towel over the doors to circulate fresh air. Place a new box of open baking soda in each appliance.
- Dispose of or donate perishable foods.
- Place dry food goods in airtight plastic boxes. Beware: sealed plastic bags are not strong enough to deter ants. Ants can get into unopened sealed factory bags that contain brown sugar, candy, cereal, etc. Ants can also nest around appliances.
- Empty all trashcans, waste baskets, & garbage disposal.
- Secure patio & porch furniture indoors to prevent damage in case of high winds.
- Turn off circuit breakers not needed for AC, sprinklers, alarms & security lights.
- Turn off breaker for water heater.
- Unplug television, radios & cable cords. Consider removing clock & radio batteries.
- Check with your insurance company about policy for specific "away" requirements. Some policies may be void if the property is unoccupied or unattended for extended periods of time.
- Inform your bank you'll be making withdrawals from a different location. If you do not do this, your bank may automatically block your accounts after a few days because of "irregular behavior." You should also inform your bank when you are back home again.
- Double check baggage for often forgotten items like eyeglasses, Driver's License (check expiration date), medications (check refill dates), extra check books & extra keys, phone numbers for your house caretaker, Arlington Ridge offices phone numbers and pet supplies including medical and vaccination records.

This checklist has been prepared by the Arlington Ridge Administration Office and is a compilation of many resources. Please bring written suggestions, updates, & corrections to the Administration Office. Thank you.
